Project #10016N

Dear Mr. Stoddard,

I couldn't let our project end without telling you how much we enjoyed working with your company. We were very pleased with the quality of service you provided on MYCON's recent project in Frisco. Aaron Gonzalez was always very professional and consistently went the extra mile to ensure that our project was on schedule.

We sincerely appreciate your responsiveness and the way you conduct business and look forward to working with you on future projects.

Sincerely,

Charles R. Myers
President & Chief Executive Officer
